

## Student Textbook Information

### Source Federal Regulation

HEOA Sec. 112 amended HEA Title I, Part C: added HEA Sec. 133 (20 U.S.C. 1015b) HEOA amendment effective July 1, 2010

To the maximum extent practicable, and in a manner of the institution's choosing, each institution must disclose on the institution's Internet course schedule used for preregistration and registration purposes, the International Standard Book Number (ISBN) and retail price information of required and recommended textbooks and supplemental materials for each course listed. If the ISBN is not available, the institution must include in the Internet course schedule the author, title, publisher, and copyright date for the textbook or supplemental material.

Slingshot Pro, a service of Slingshot, is available to help students easily obtain required textbooks throughout their program at IWU. This service is automatically provided but students can opt out and secure books elsewhere. Slingshot Customer Service can assist with choosing the best option or opting out. The default option is "Rent Used" as it is the most affordable option. For more information go to <https://indwes.slingshotedu.com>.

Upon arriving at the landing page, click on the "Buy Books" tab. You may then choose several different methods to locate your textbook information. You may choose based on your enrolled schedule, search by ISBN, or use the Search by Course tab.

The screenshot shows the Slingshot interface on the Indiana Wesleyan University Campus Store. The top navigation bar is red and contains the IWU logo, "Indiana Wesleyan University CAMPUS STORE", and links for HOME, FAQs, SUPPORT, CART, and LOGOUT. Below this is a secondary navigation bar with links for DASHBOARD, MY ACCOUNT, TRANSACTION HISTORY, MY COURSE MATERIALS, and a prominent "BUY BOOKS" button. The main content area features the Slingshot logo (an orange megaphone) and the slogan "ALL OF YOUR BOOKS. NONE OF THE HASSLE.®". Below the logo are three search options: "My Schedule", "Search by Course" (which is highlighted with a blue border), and "Search by ISBN". Underneath these options is a dark blue search form with four dropdown menus labeled "Select Term", "Select Department", "Select Course", and "Select Section". Below the form, a message reads: "Select your class selection from the drop-down menus to generate a book list."

Occasionally, courses are open for registration but the textbooks and materials have not been chosen by the faculty. In these cases a message saying "to be determined" will show in the search. If you register for a course and the textbook information has not been posted, you will receive an automatic email update when the textbook information is available.

For any further help with textbook needs, contact:
